DESCRIPTION

Choosing the right shower for your bathroom is not just about good looks and design, it's also important to recognise the function you want it to perform in order to get the best possible result. It's about form + function, and the Projection Range offers something for everyone's consideration.

Project Shower Rails offer the functionality of adjustable height for the unit along the standard wall rail. All products in the collection of rail showers have hand sets that can be lifted and used as a hand shower which can be used to clean the body and the shower recess.

Hand showers offer the functionality of a fixed-point shower with the versatility of a moveable shower head which can be used to clean the body as well as the shower recess.
