

SIMPLY STUNNING

COMPILED BY LAUREN BROOMHAM

It's the little things like a custom-made vanity or a bold-coloured tile that can turn a plain bathroom from drab to fab.

While we all dream of having a huge, glamorous bathroom in which to pamper ourselves, the reality is often quite different. So smaller details, such as stylish fittings and sleek accessories, can make all the difference to this private space. Here, floor-to-ceiling tiles make this bathroom feel much larger than it is, while the deep-red vanity adds a vibrant splash of colour to the pared-back palette.

Freshen up your bathroom with a beautiful vanity and classic accessories.
