

Designer fashions elegant bathware

BETH MUHLING

Add a touch of elegance to your new or renovated bathroom with streamlined tapware by Antonio Miro from Paco Jaanson.

According to Paco Jaanson, Miro's striking tap designs have become classics and are suitable for anyone looking for lasting pieces.

The taps, mixers and showers have strong visual lines reminiscent of a city skyline, the concealed tap handles draw attention to the sleek style and the glossy chrome finish creates a beautiful mirror effect.

Miro had a successful

career in the international fashion industry before transferring his design skills to bathware design.

The Spanish designer, who focuses on simplicity and attention to detail, says he's influenced by the Mediterranean, the city of Barcelona, art, music and architecture.

The collection has a five-star rating out of six stars on the WELS scale, Australia's water-efficiency labelling scheme.
