Turning on Italian style

Bring a bold, beautiful touch to your bathrooms with Nuova Showers from Italy, now distributed in Australia by Paco Jaanson.

Elegant and innovative, the five pieces in the collection have been designed, created and tested by the young, dynamic team at the Nuova Osmo company.

According to Paco Jaanson, the Ellittico is one of the most popular because of its sleek profile.

The multi-function Omega.

Designed in chrome, it's reminiscent of an 80s micro-phone, giving a retro touch. The bold, angular Vega gives a classy, modern edge. The Stilo is a subtle, curved design.

For a more classic style, the Saturnia and Omega have a traditional circular head but the Omega has five functions for those seeking a bit more variety in the shower.

Beth Muhling

The showers cost from \$199. For more information call 1800 006 260 or visit www.paco-jaanson.com.au.

Modern and bold, the angular Nuova Vega.
