## Tap into creative inspiration

LET your creative inspiration flow through the cubic canvas of the latest tapware collection by Paco Jaanson, Scandro.

With options ranging from elongated spouts to stunted mixer taps, Scandro tapware offers the opportunity to explore a distinctive series of tapware that is redefining industrial-chic.

Manufactured with the utmost craftsmanship, the Scandro collection incorporates progressive design and style to draw attention to the finer details in your bathroom.

Mounted on a solid stainless-steel base, the arresting and stout design of the basin and shower mixer will seamlessly merge with your bathroom walls to create an architectural centrepiece, manufacturers say.
