# NATURAL elegance

**TOP TIPS**

**above**  
 Winner of the ACT 2009  
 MBA bathroom design  
 and construction more  
 than \$25,000 by Capital  
 Veneering. Architect/  
 designer MMM Interiors.

Mimmi Freebody, interior  
 designer at MMM Interiors,  
 shares her secrets to a stylish  
 and practical bathroom.

1. Think outside the square for bathroom furniture while focusing on functionality and the best use of space.
2. If your bathroom is against a fence or does not have a view, create your own alcove outside with lattice, bamboo or shrubbery. Installing a floor-to-ceiling window will provide a view while the alcove provides privacy.
3. Aim to personalise your bathroom and cater to suit those in your home.
4. Be wise when introducing mirrors. If you have a large bathroom space and a lot of natural light, there is no need for a large mirror. In smaller areas, mirrors are able to give the illusion of space.

Thin line range Sfera basin  
 by Paco Jaanson \$335  
 MMM Interiors, Fyshwick

**Get the look**  
 BellMonod tapware by Paco Jaanson  
 Bath spout \$350, lever handles \$400
