My bathroom is a place of

Functionality, if it were my dream bathroom, it would also be a place to escape.

**What are your bathroom luxuries?** Space - today's bathrooms lack this and it truly separates a normal bathroom from a luxurious one. Ideally, it would have marble flooring, furniture, an art sculpture, a chandelier or pendant light and even a rug.

**The bathroom design elements that people too often overlook are...** Natural lighting and good storage. By this, I mean ample space for plenty of towels, and cabinetry that doesn't blend into the walls but is a design feature in itself.
