

TOP TWO NEW RELEASES

BISSELL Bolt™ Ion cordless 2-in-1 stick vacuum, from \$249, www.bissell.com.au

The new Bissell Bolt Ion is a powerful cordless cyclonic two-in-one stick vacuum that comes with a removable hand vacuum and uses EdgeReach technology – a development by Bissell that drives suction right up to the edge of skirting boards and other perimeters. Weighing less than three kilograms, it comes with a multi-surface brush, pet hair brush and a soft-floor brush. Available from leading electronic retailers.

Samsung POWERbot SR20H9050U robotic vacuum, \$1299, www.samsung.com/au

The POWERbot uses the same suction technology as an upright vacuum and is Samsung's most powerful robotic vacuum cleaner. It has a Visionary Mapping system that creates a map of the whole house and calculates a suitable cleaning path – automatically taking itself back to the docking station to recharge when the battery gets low. It also features a Point Cleaning controller that lets you guide it to an area for a specific clean. Available from Harvey Norman and The Good Guys.
