MARMO  by IB RUBINETTERIE

L - Washbasin Mixer Chrome with Black Marquina

Product Code: MM200B

DESCRIPTION

Marmo is a range where nature and technology blend seamlessly. Marble is used because it's a fantastic, eternal, complex and unique material. On offer are two iconic marbles: White Carrara and Black Marquina.

IB Rubinetterie, cut and polished the best stones in order to obtain a thin and resistant cover, a perfect cylinder at its best geometric expression.

Marmo is hand-made. The marble protects and hides a compact and innovative water mixing system.

From the outside, only the perfection of the geometry and the material are visible.

Essential, perfect and simple, Marmo's elegance goes beyond time and fashion.

Two identical MARMO products are impossible to find: every piece is made unique by the always different marble veins.
