TAAAC  IB RUBINETTERIE

Wall Diverter Mixer with Two Handle Selection

Product Code: AA310

DESCRIPTION

TAAAC is a collection of mixers with the idea of expressing a new universal and shared language in the bathroom context, simplifying shapes and interaction. It just makes things easy from many perspectives.

A range that comes back to its original form without exaggerations, not forgetting that functionality doesn't have to be secondary to its shape or to the "Wow Factor!"; but still communicating emotions and pleasure.

TAAAC is shape together with function, the perfect balance of both in the same object. Everything is function. Everything is shape. The subjective becomes objective with TAAAC and vice-versa.

Designer - Federico Castelli

PRICING STRUCTURE

Retail Pricing:

Wall Diverter Mixer - Polished Chrome
