PALERMO ORO

Double Bowl Sink - Brushed Brass P.V.D Finish

Product Code: CDS820-76-R19-PVD/BB

Featured With Rondo Sink Mixer

DESCRIPTION

PVD is an innovative technology that allows the deposition of a very fine and thin metal film on a product, in this case of stainless steel sinks. PVD stands for Physical Vapor Deposition.

The process takes place inside a vacuum chamber where a precious metal, generally chromium, titanium or vanadium is evaporated and the particles are deposited on the product. The main mechanical characteristics of our PVD products are; high superficial hardness, up 10 times more than regular stainless steel and high resistance to scratch and abrasion.

Paco Jaanson's PVD guarantees inalterability of the surface and coloring from UV rays and practically unbeatable corrosion resistance. Our PVD sinks also resist better to salts, acids and aggressive detergent products present in the domestic environment. The manufacturing process is environmentally friendly because it releases no harmful by-products into the environment, while the end product is hypoallergenic and 100% suitable for use in contact with food.

PRICING STRUCTURE

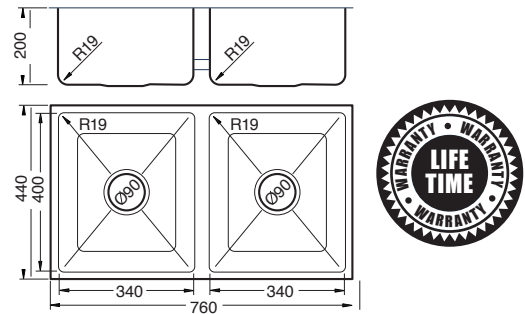

Retail Pricing:

Double Bowl Sink - CDS820-76-R19-PVD/BB

\$1,012.00 gst inclusive

Overall Dimensions

760mm (w) x 440mm (d) x 200mm (h) x 1.2mm (t)

All dimensions are approximate only and are subject to change by the manufacturer.
Bench cut-outs should not be undertaken based on these dimensions

Features

Suitable for Flush - Under + Inset Mounting

Plug + Waste Basket in PVD Brushed Brass included

Handmade 1.2mm Thick

Lifetime Limited Manufacturers Warranty*

1 Year Limited Commercial Warranty*

Available in Single Bowl Configuration

- 440 x 440mm - CDS810M-44-R19-PVD

- 760 x 440mm - CDS810L-76-R19-PVD

Double Bowl Configuration

- 760 x 440mm - CDS820-76-R19-PVD

Optional Accessories

- Stainless Steel Colandar - CL01

- Stainless Steel Soap Pump - SP01

- Timber Cutting Board - CL02

- Roll-Out Mat Drainer - CL03
